

# RED FEATHER

Spectacular nine holes with water, bunkers and large mounds coming into play. Accuracy as well as length are a necessity. The par three 8th with lake front right and creek left leaves only the green as a safe shot.

# BLACKBIRD

Long demanding holes await you as you start this nine. As you reach the middle of this nine, water and bunkers will test your accuracy. The fourth hole, 576 yards from the very back, plays into the prevailing wind over a lake extending 150 yards back from the front edge of the smallish green.

# GRAY HAWK

A memorable nine holes of golf, with water and well placed bunkers throughout, which demands accuracy on tee shots as well as approach shots. The par four 9th is the ultimate finishing hole for any round of golf. Bunkers guard both sides of the fairway, from there the approach must be accurate to hit the green. The second shot is slightly uphill and is usually played into the prevailing wind.
